

Team Leader (Clinical Pharmacists)

He aha te mea nui o te ao? He tangata! He tangata! He tangata!

What is the most important thing in the world? It is people! It is people! It is people!

- Permanent, full-time
- 80 hours per fortnight

Updated conditions, new salary scale: \$88,771 - \$107,300.

Financial assistance for relocation available on request.

We are looking for an experienced Pharmacist who lives their values, has good relationship skills, a good communicator and problem solver who would relish the opportunity to use their leadership and management skills whilst further developing clinical expertise. The successful candidate will lead the development of the service.

Your responsibilities will include the co-ordination and development of the clinical pharmacy service, including being part of the clinical pharmacist on-call roster. You will provide coaching and mentoring to our Pharmacists and Intern Pharmacist, while also providing managerial support to the Hospital Pharmacy Manager and Chief Pharmacist.

The successful candidate will be joining a great team in a department that is committed to continuing professional development and opportunities for further study.

For further information on this position please contact:

Dr Daniel Bernal, Chief Pharmacist
